ATTEMPT TO KEEP CONFERENCE ON ITS FEET FAILS

France Persists in Refusal To Negotiate Tariff And Quotas

MAKES ONE CONCESSION

U. S. Delegates Attempt To Show Stabilization Is Minor Problem

By George R. Holmes
(I. N. Staff Correspondent)

GEOLOGICAL MUSEUM, LONDON, England, July 6.—An eleventh hour attempt on the part of the United States delegation to keep the World Economic Conference on its feet failed temporarily today when France persisted in her refusal to negotiate tariff and quotas, while the international money dance is on.

Secretary of State Cordell Hull, chief of the American delegation launched the attempt during a three-hour meeting of the conference bureau or the steering committee, but emerged at the luncheon recess grim and unsmiling.

While the position of the United States is that it will not oppose adjournment if the majority sentiment favors it, the American delegation carried out the wishes of President Roosevelt in attempting to convince France and other members of the European gold bloc that currency stabilization is only a minor problem.

The French made one concession, however, by proposing continuance of discussions aimed at co-ordinating marketing and production provided all monetary and tariff questions are shelved for the meantime.

Hull's aim was to continue all economic discussions with currency stabilization alone postponed.

At the time of the luncheon recess, the United States, Great Britain, the British Dominion, Scandinavia and Japan stood firm for continuing the conference. This unexpected line-up forced the French to modify their attitude to some slight extent.

LONDON, July 6.—(INS)—Meeting in secret session, the steering committee of the World Economic Conference today solemnly discussed ways and means of administering painless death to the prostrate parley.

Virtually the last hope of saving the conference faded as the vital meeting on its fate dragged on behind locked doors.

The majority of delegates failed even to show an interest in the death throes of their weeks of labor, and spent the morning packing their luggage.

Only the members of the steering committee, newspaper correspondents and a few other delegates were on hand to mourn. The lobbies of the Geological Museum, which in past weeks have resounded to the talk of statesmen, were silent and empty.

The impression prevailed that the committee was merely debating the "formula of adjournment" which was presented by the drafting committee. So great was the general nostalgia that the American delegates were the only ones who remained hopeful an indefinite adjournment of the conference might be avoided.

It was expected the steering committee would terminate its deliberations by calling a plenary session of the conference tomorrow to grant official sanction to the parley's death.

SWEAT SHOP HEARING

Doylestown, July 6.—Resuming its probe of sweat shop conditions, the joint legislative investigating committee of which Senator G. Mason Owlett is chairman, will hold a four-hour hearing here today beginning at two o'clock. Workers will be allotted a two-hour period to recite their complaints and then the employers will be asked to reply. The committee will meet at Norristown tomorrow and in Pittsburgh July 11 and 12.

MAN IS KILLED

Abington, July 6.—John Wintgen, 55, Lansdale, was killed and his companion, Miss F. A. Wieland, of Philadelphia, was injured in an automobile accident today on Valley Forge Road, below Lansdale. Wintgen died of a broken jaw, a fractured skull and internal injuries within an hour after his admittance to the Abington Memorial Hospital. Miss Wieland escaped with cuts and bruises.

Philadelphia, July 6.—Benjamin R. Coppola, 25, a graduate law student of the University of Pennsylvania, today was recovering from the shock of reading in the newspapers the news he had been asphyxiated in a fire at his apartment here. Spending the holidays at Atlantic City, Coppola almost collapsed when he bought a paper and saw the headlines. His family at Weedville, Elk County, was preparing to accept the body of the fire victim as that of the young law graduate. Racing back to Philadelphia after telephoning his parents, Coppola identified the victim as his close friend, Charles Biddle, 29, a pharmacist. Authorities had believed Biddle was Coppola, who rented the apartment several days ago.

RECOVERING

Langhorne, July 6.—Elizabeth Yeager, 16, and Mildred Compton, 17, both of Feasterville, Bucks County, were recovering today from injuries received when their bicycle was struck by an automobile. The accident occurred on the Lincoln Highway near here last night when the girls came out on the highway into the path of a car driven by Miss Helen V. Straley, 31, of Holland.

TACKLES DOMESTIC PROBLEMS

Washington, D. C., July 6.—Domestic problems claimed the attention of President Roosevelt today although he continued to study carefully frequent reports from the World Economic Conference in London transmitted to him by the State Department.

The President has been forced to forego taking over active leadership of his national recovery program within the past two days, as he had planned, by crises abroad.

With a series of communications to the American delegates at the conference, outlining his position, off his chest, the executive hoped today for a brief spell to give his attention to internal affairs. His latest move in connection with the foreign situation was to dispatch his Minister to Sweden, Lawrence Steinhardt, to the Economic Conference. Steinhardt was to have sailed for Stockholm on the 5th, but a hurried order from President Roosevelt sent him away today on the Ile de France headed Londonward.

STRIKE SPREADS

Reading, July 6.—The Reading Hosiery Mill strike today spread to other industries as workers waged their battle for union recognition. Fortified by the joining to their ranks of 3,000 workers of the Berkshire Knitting Mills, the largest in the country, the strikers turned a deaf ear to the pleas of the manufacturers that they return to work under terms of an agreement negotiated Monday. The workers charged the manufacturers broke the agreement through the use of "third degree" methods. The strikers today were joined by workers from the Princess Royal Hosiery factory, Jackson Rope Works, and the Pein & Glass Shoe Company. The John Blood Hosiery Mill of Doylestown also was closed by a walk-out.

The majority of delegates failed even to show an interest in the death throes of their weeks of labor, and spent the morning packing their luggage.

Only the members of the steering committee, newspaper correspondents and a few other delegates were on hand to mourn. The lobbies of the Geological Museum, which in past weeks have resounded to the talk of statesmen, were silent and empty.

The impression prevailed that the committee was merely debating the "formula of adjournment" which was presented by the drafting committee. So great was the general nostalgia that the American delegates were the only ones who remained hopeful an indefinite adjournment of the conference might be avoided.

It was expected the steering committee would terminate its deliberations by calling a plenary session of the conference tomorrow to grant official sanction to the parley's death.

TENTH STRAIGHT TILT IS WON BY THE HIBOS

Shut Out Independents in Twilight League Battle; Score, 3-0

ST. ANN'S ALSO WINNERS

BRISTOL TWILIGHT LEAGUE

Last Night's Results
HIBERNIANS, 3; INDEPENDENTS, 0
ST. ANN'S, 6; DAMP WASH, 3

Blanking the Independents last night, the Hibernians won their tenth straight victory of the Bristol Twilight League, on Sullivan's field. The winners scored three runs.

Also, it was the sixth consecutive win for Harold Snyder, undefeated twirler for the A. O. H. team. Snyder limited the Indies to but three hits last night and kept them away from the plate all night. On two occasions, Independent runners reached as far as third base, only to be stranded. Harold helped his team with the stick by pounding two triples.

Ralph Narcisi was the losing hurler but deserved a better fate than was accorded him. He allowed six hits, but poor fielding gave the Hibernians their tallies. Four of the Hibernians' hits were triples that either could have been caught or held to singles. Narcisi fanned six batters and did not issue a pass.

In the second, J. Dougherty singled to right. F. Dougherty bounced a hit to right but Rubino made the ball get away from him for a triple, scoring J. Dougherty. Fallon sacrificed F. Dougherty to the scoring pentagon. Rubino then misjudged Snyder's fly and it went for a triple, but Connors fled out.

The other Hibernian tally came in the fifth when Snyder's hit got away from Avella and the runner took three bases. Avella played Connors' liner safe and it dropped for a hit, scoring Snyder. The next three batters were easy outs.

The fielding of F. Dougherty for the winners and Tershon for the losers stood out.

St. Ann's A. A. won its first game of the second half of the Bristol Twilight League last night, defeating the Damp Wash.

SECOND LARGEST CROP OF LICENSES IN JUNE

Is Popular Month for Brides and Bridegrooms in Bucks County

IS 3 SHORT OF RECORD

DOYLESTOWN, July 6.—The merry month of June brought out the second largest crop of marriage license applicants Bucks county has ever had, falling just three short of establishing a new record.

Deputy Clerk of Orphans' Court Jacob Shelly stated this morning that more than likely the shower Friday held back a few couples and prevented a new record.

During the month of June 188 marriage licenses were granted, compared to 181 in June a year ago and 190 in June two years ago.

During the first six months in 1933 there were 745 marriage licenses granted, compared to 782 during the first six-month period in 1932. Those in the marriage license bureau feel that business is O. K. and certainly far superior to the marriage license business in many other counties in Pennsylvania where the number of licenses granted has fallen off considerably.

More licenses were issued to Bucks County residents in June than in any other month in the past year, the docket shows. In spite of the fact more than 60 per cent of the applicants were non-residents of Bucks county, forty-eight being Philadelphians and fifty-six being residents of Trenton. All told there were 143 residents from the state of New Jersey who were among the total of 376 applicants.

Eight states were represented among the applicants. The average age of the male applicants was twenty-six while the female applicants averaged twenty-five.

Seventeen of the male applicants and eighteen of the female applicants had been married before, the majority of that group having divorced either their husband or wife.

Bristol with twenty applicants led the list of Bucks county towns in June while Doylestown came second with ten applicants. Practically every borough and village in Bucks county was represented by at least one applicant during the bridal month of June.

Approximately seventy-five weddings were performed in Doylestown during June by the Justices of the Peace, the Burgess and the clergymen.

The number of applicants grouped as to their ages as follows for June:

	Men	Women
Under 21 years	7	18
21 to 25 years	96	93
25 to 30 years	50	49
30 to 40 years	24	21
40 to 50 years	9	5
50 to 60 years	2	2

BRING MAN BACK FROM PANAMA FOR BUCKS COUNTY CRIME

Walter Ozga, Phila., to Be Tried in New Jersey First

WAS IN SOME HOLD-UPS

Implicated First in Crimes in Bucks County by County Detective Russo

Another man charged with being implicated with hold-ups staged in Bucks County, is to be brought back to stand trial before a Bucks County court.

The man, Walter Ozga, 21, 3370 Salmon street, Philadelphia, was turned over to Burlington County Detective Ellis Parker on July 5th.

Ozga has been doing service in the United States Army in Panama. His whereabouts were learned through the work of Burlington County Detective Ellis Parker, and Anthony Russo, both Bucks and Burlington counties wanting him for alleged crimes in the respective districts.

Ozga is wanted in Bucks County in connection with the hold-ups staged at the Argonne Inn, Warminster Township, and the roadhouse of William Snyder, Croydon, which occurred in October of last year.

When the hold-ups were staged it was alleged that they were part of a campaign to obtain the beer business in Bucks County. After an investigation had been made of the case by Bucks County authorities, it was also found that the same group of which Ozga is said to be a member, was identified as being implicated in the hold-up of George Mansion, Maple road and Spruce street, Maple Shade, N. J., and the road-house of P. J. Kilbride, Fairfax Drive and Public Road, Palmyra, N. J.

In investigating the hold-ups staged in Bucks County it was learned that the same group had also held-up some places in Burlington County. Burlington county detectives came here and took part in the questioning of those implicated and in that way solved their own cases.

Several of the group are now doing time for the crimes in Bucks County and as soon as Ozga is tried in Burlington County and the authorities there are through with him, he will be brought back to Bucks County and stand trial here.

THE CIGARETTE CODE

Smokers, it seems, will be among the early victims of the various trade codes to be put into operation under the industrial reconstruction law.

The National Association of Tobacco Distributors has established a minimum profit schedule in conformity with that of the Retail Tobacco Dealers of America. If and when the codes are approved by General Hugh S. Johnson, administrator of the national recovery act, prices will be advanced to the new levels provided.

This will mean that consumers will pay 15 cents for popular brands now retailing at two for 21 cents. Trading coupons and rebates of all kinds will be outlawed.

It will be up to the administrator to determine if the proposed price schedules represent fair profits or whether they are too high. It is a well known fact that the manufacturers in recent years have been enjoying large profits, although retailers, especially those who resorted to sharp price-cutting to attract trade, have realized slim profits from the sale of cigarettes.

It is to be hoped that the administrator in reviewing the tobacco codes will give due consideration to all of the factors involved and that no unfair raid on the smoker's pocketbook will be permitted.

This seems to be the day when the consumer has become the forgotten man in the general rush to raise prices. Of course, he still has as a weapon for emergency use the "buyer's strike." He can roll his own if he believes the tobacco dealers are trying to gouge him. But he would prefer to go along with the procession if he can feel he can do this with justice to himself.

GLANDS

Dr. Ralph Arthur Reynolds, of San Francisco, after a study of convicts in San Quentin prison, declares that every murderer suffers from oversecretion of the thyroid gland, every forger suffers from undersecretion of the pituitary gland and that every social misfit displays malsecretion of some gland.

Hopeful folk will see here a hint for the settlement of all social problems. If their hope is justified, instead of building more prisons all that will be necessary will be to build a few more hospitals and there treat the glands of offenders.

Nor is this all. The work of district attorneys everywhere will be wonderfully simplified. Examination of the gland of a defendant will show at once whether the offense he has committed is a felony or merely a misdemeanor. After this there will be no excuse for changing the charge after the defendant has demanded a jury trial.

And why stop here? It may be that what is urgently needed is a constitutional amendment authorizing appointment by the President of a corps of physicians to examine the orators in Congress after every debate. Their glands should demonstrate beyond peradventure whether they were championing a worthy cause or merely indulging in hysteria. This would naturally do away with the necessity of a vote. The report of the doctors would be taken as final, and the proposed law could either be forthwith enacted or straightway killed.

SCARF-DRAPE SUIT OF PYJAMAS LATEST MODE FOR THE BEACH

By Alice Langelier

(I. N. S. Staff Correspondent)
PARIS—(INS)—Beach wear is bound to be beautiful as well as useful this summer. Fashions are improving day by day. It is not only that they are more practical, but they are also far more becoming than ever before.

To avoid sun-blistered shoulders, Chanel has designed most attractive pyjama-suits with the scarf draped about and threaded through slots holding it firmly in place, yet leaving the back very bare to the sun. One in a sandy-beige has a vivid red scarf printed with discreet designs in yellow and black. Two shades of blue, a navy and dull royal, are used for another, with loose hip-length jacket.

The backlessness of other beach dresses is half hidden by cunning little sailor collars such as white on navy-blue or red and white such as was seen recently on the beach at Biarritz.

A holiday beach-suit of white silk pique has the simple tailored line and neat little "sac" coat to slip over the slim, sleeveless gown of the same white silk. The color note is supplied by the gaily-striped pique trim on corsage and jacket.

A beach-dress of yellow pique has a voluminous skirt and bare back for sun-bathing, with a large bow of the fabric tied at the nape of the neck. The wide-trimmed hat is of the same stuff.

Madeleine displays starched elegance in beach frocks of white pique, with the blouse consisting of a deep cape buttoned at the back of the neck. The skirt is attached to the front of this cape by a point of the pique that rises and is sewed to the cape.

CUBANS at FERGUSONVILLE
NEWPORT ROAD at FURMAN

The fast stepping Newport Road Men's Club took undisputed possession of first place in the Bristol Suburban League by defeating the Bristol Cubans, 6-3, last night on the Cubans' field.

Three runs in the final session did the trick for the Newporters who were outbatted by the colored team, nine to seven.

Frank Crossley did the pitching chores for the Road team while the losers pitched Harry June. June hurled until he weakened in the fifth inning and allowed three tallies to cross the plate and win the game for the Newport club.

BRISTOL A. A. BLANKED IN FOUR INNINGS, LOSES

"Pete" Firce, former Bristol High School hurler, was in fine form on the Hulmeville field last night as Hulmeville A. A. defeated Bristol A. A., 6-3. Firce blanked the A. A. for four innings.

Strump pitched for the losers and hurled well but received poor support from his mates.

Hulmeville plays the A. O. H. team tonight on the Hulmeville field.

CORNWELLS SHINES IN FOURTH OF JULY BILLS

(By H. States)

With Cornwells leading 10-0 in the last half of the sixth inning while playing North City Pros, Tuesday, Sullivan hit a single and stole second. The umpire ruled him safe and the visitors protested. Since the umpire would not change his opinion or ruling the North City Pros walked off the field.

Dean had the visitors well in hand, allowing them but four safe blows while the locals pounded out a dozen blows off Frankenfield.

Donahar hit well for Cornwells, collecting 3 singles in four trips to the pentagon. F. Bowman pounded out a long triple in the 4th inning.

On July 4th the Cornwells clubbers handed the Marshal E. Smith Pros a 12 to 1 drubbing here, slapping out 15 safe bingles, four of which were for extra bases. Ed Sullivan, youthful protege of Bristol sandlots, went the entire route for the locals, allowing the visitors but four scattered hits.

"Gige" Dougherty was the big star at the plate, gathering 3 safe hits, one of which was a booming double. Dean and Lingerman each had nice long triples.

Nest Sunday Cornwells meets up with the Frankford Arrows, one of the leading ball clubs of Northeast Philadelphia.

ONLY ONE DIAMOND FRAY IN BOROUGH TONIGHT

There will be but one game in Bristol tonight. On Sullivan's field, Langhorne Colored Giants will play Johnny Mulholland's Bristol A. A. team. This is a Lower Bucks County League affair.

The A. A. has lost their last two games and are anxious to get on the right side of the ledger. Langhorne has played three games. It lost the first and tied the last two.

Other Lower Bucks games scheduled for tonight are: A. O. H. at Hulmeville and Odd Fellows at Parkland.

Tomorrow night on Sullivan's field, the Hibernians, first half champions will play the All-Saints, of Burlington.

Tenth Straight Tilt Is Won By The Hibos

Continued from Page One

Wash A. A., 6-3, on St. Ann's field. The winners were outbatted, seven to five. "Mike" DeRisi served them for the Saints and after a bad first inning settled down to pitch shut-out ball. In the first frame, four consecutive bingles scored three runs for the laundrymen. From then on DeRisi was masterful and allowed the ultimate losers three hits the remainder of the game.

Three errors by the Damp Wash team aided the Saints in the scoring of their tallies.

Fields, rightfielder for the winners, made three of his team's five hits, one of which was a double. He drove in three of the runs and was credited with a stolen base.

"Gunner" Corrigan made his Twilight League debut behind the platter and handled himself in fine style.
